

introduction

It never ceases to amaze us how many of our customers say they have been looking for a sofa for months (even years on the odd occasion). It really shouldn't be that difficult to find something to sit on should it? Generally it's for the reason that mass produced furniture is standard, and our customers are not standard. You may want a deeper seat, a rounder arm, a richer shade of leather – it's getting such details right for you that makes our service unique.

At SofaClassics, if none of our extensive range is exactly what you want, we can meet almost all demands. Every piece of furniture is made to order and available in leather or your choice of fabric (no limited choice of two fabrics in 6 colours here!). We can modify seat depths, cushion heights and sofa widths as well as mix and match arms from different models. You can even design your very own sofa for us to make expressly for you - often from a simple line drawing.

The emphasis of our unique collection is on:

- Choice:** All ranges are available in an unlimited range of real or faux leather, PVC or fabric or you can supply your own.
- Style:** Classic designs from contemporary models to Chesterfields and chaises longue.
- Quality:** Hand made in England by experienced craftsmen with 1-5 year warranties.
- Speed:** We can deliver in 3 weeks for standard models although our record currently stands at 8 days!
- Flexibility:** Furniture can be tailored to your individual needs. If you have a specific space to fill, we can fill it to your exact measurements.

fabric sofas

However good looking your furniture, its quality and durability depend largely on what can't be seen, namely the frame and components around which the furniture is constructed. SofaClassics take enormous pride in all our furniture combining the very best of classic design and high quality materials with robust construction to take the knocks of everyday life. All are supplied with a 5 year warranty unless otherwise stated.

We also pride ourselves on our ability to be flexible. Every piece of our furniture is hand built to order using any fabric or leather you may choose; giving you a unique and personal product every time. All models are available in a range of standard sizes but can also be made-to-measure. So if you require modifications to any furniture such as additional seating, more leg room or wider arms, please call or email us for a quotation.

As if that is not enough, all models are available with a choice of cushion fillings from standard modern materials such as soft fibre and foam through to more traditional feather and 'combination' fillings. You can also choose from a selection of solid wooden or metal legs in a variety of finishes. Wooden legs are available in various finishes including mahogany, antique/natural pine, light or dark oak. All are French polished or waxed by hand while wrought iron legs are made by a local blacksmith. To view some of the available styles, please see page 22.

We can also supply various sizes of scatter and bolster cushions in any fabric/leather as well mixed coverings. Please note that pictured cushions are not included unless otherwise specified.

Richmond Sofas

Designed to utilise space that conventional sofas prohibit, the Richmond range is ideal for hallways, bedrooms and landings as well as sitting rooms.

Available in 3 standard sizes, the Richmond range can also be tailored to your own requirements whether you are making a bold statement or your tastes are more conservative. With this in mind all sofas are available in a massive range of fabrics (and leather) from traditional damasks to stunning wild animal prints with a 1 year warranty.

You can also choose from a selection of solid beech legs in a variety of finishes including mahogany, antique pine and light or dark oak. Alternatively you can use iron legs made to order by the local blacksmith. To view a summary of the leg styles please see page 22.

contemporary leather sofas

Our contemporary leather range not only combines the very best of classic design and high quality materials but is also robustly built to take the knocks of everyday life. **All are supplied with a 5 year warranty.**

Every piece of our leather furniture is hand built and each hide we use has its own distinctive character giving you a unique and personal product every time. You can also rest assured that any piece of furniture will be covered in leather selected from the same batch of hides ensuring continuity of tone and thickness. We will never (ever!) produce furniture using different pieces cobbled together thus ensuring minimum stitching and maximum durability.

We can also make every model using **any type or colour of leather or fabric** you may choose. Our range of leather is enormous as we source leather from most of the UK's leading suppliers. Whether you require a hardwearing pet/child repellent corrected grain or the softest full grain or aniline, we can usually oblige.

As with all of our furniture, models are available with a choice of cushion fillings from standard modern materials such as soft fibre and foam through to more traditional feather and 'combination' fillings. You can also choose from a selection of solid wooden or metal legs in a variety of finishes. Should you require modifications to any furniture such as additional seating, more legroom or wider arms, please call **020 7790 9001** for a quotation. All prices in the price list are based on plain or antique rub-off leather.

corner sofas

Sometimes, more than one sofa is not an option. Other times you simply want to stretch out that bit more. The answer might be to choose a sofa from our extensive range and turn it into a corner sofa. Almost all of our sofas are available as right angled or curved corner sofas. We can also incorporate a large footstool or daybed for added flexibility. **These can be based on standard sizes or made-to-measure, using any of our leathers, fabrics or even PVC.** For standard sizes please refer to page 31.

Alsace curved corner sofa

A variation on the corner sofa with gorgeous curves and chrome legs. Shown here as a four seater and a curved footstool.

Stockholm corner group

The Stockholm is simplicity itself. Using a clean and uncluttered design with steel legs it is also supremely comfortable. Pictured here as a 3 seat + corner + 1.5 seat in mock suede with fibre cushions.

Stockholm corner group + footstool

A variation on the Stockholm. Shown here as a 2.5 seat + corner + footstool in faux suede.

Avignon corner group

The ultimate in sitting comfortably. The Avignon has Sumptuous Scatter cushions for back rest and bolster cushions at the back. Seen here as a 12 seater with a chaise on one end and footstool on the other. Please note, the Avignon can be supplied with normal back cushions and without stools.

Lisbon corner group + footstool

Another variation on the Lisbon. Shown here as a 3 seat + corner + chair + footstool in Mocca colour leather with soft foam seat cushions.

Stockholm sofa + chaise longue

This increasingly popular variation on the standard corner sofa becomes the ultimate recliner. Shown here as a 3 seat sofa (with 2 soft foam cushions) with a chaise in dark red full grain leather.

Standard Configurations

The dimensions listed below are based on the Stockholm model using our standard sized frames and will vary slightly depending on the model used due to different arm dimensions. The standard corner section is right angled but we can supply curved and angled sections should you have an awkward wall or two. We can also replace the corner section with a square coffee table with toughened glass, plain wood or fabric covered top if preferred. **For non-standard sizes, please call 020 7790 9001 or email info@sofaclassics.co.uk for a quotation.**

Chesterfield Corner Sofas: See page 37

chesterfield furniture

Ever since the "Chesterfield" sofa first became fashionable in the 1880's, it has come to represent quintessential English style. In that time, the style of Chesterfield has barely changed. The SofaClassics range not only includes classic models but also some variations on the theme designed to reflect modern day tastes and needs.

Our traditional Chesterfields are made using robust and modern components. All our models are hand made and **can be covered in leather or fabric**. All models are supplied (as standard) in traditional antique Chesterfield leather as standard, ensuring a weathered, classic look. Colours include Dark Brown, Tan, Autumn Tan, Red, Wine/Burgundy, British Racing or Olive Green, Blue, Rust/Light Rust or Gold. However, all can be covered in other grain leathers from our range which adds from 25% to the standard price (see price list). For a more modern look, all can be made without buttoning. Most models can be supplied as sofasbeds for an extra £300.00.

Cushions are filled with soft natural fibre or foam although we can supply feather or 'combination' fillings on request. Alternatively, for the ultimate classic look, we can supply any model with a buttoned seat for 10% extra.

Available using most of our Chesterfield styles, in any leather or fabric, these can be tailored to your own specification be it width, depth or height. Pictured here with a buttoned seat (10% extra) you can also choose from a variety of seat cushion fillings as well as studs or piping. Versions with seat cushions can also include a bed.

leather chairs

From formal wing and trusty study chairs to relaxing cottage and luxury swivel office chairs, the SofaClassics range includes a leather chair for every situation. We manufacture most styles of chairs but cannot show all. If you cannot find the chair you want in the brochure, please call or email us a photo or drawing.

As with all our leather sofas, our leather chairs are hand built and every hide we use has its own distinctive character ensuring you get a unique and personal piece each and every time.

All models can be supplied in either traditional antique colours such as light or dark brown, green, burgundy/red, copper or gold or in plain or full grain leather. **May also be covered in fabric.**

Cushions are filled using soft natural fibre although we can supply down or foam fillings on request.

delivery

At SofaClassics we appreciate that successful delivery is as important as the quality of your furniture itself.

- We deliver all over the UK using carriers specifically trained in furniture transportation ensuring an efficient home delivery service. In normal circumstances, please allow c.3 weeks from receipt of fabric/leather for delivery in mainland UK*. Delivery charges are £50.00 for most items within the M25 orbital. For deliveries outside the M25 and outside mainland UK, please contact our Customer Services department for a quotation.
- We will call you, usually a week or so beforehand, to arrange a convenient date and time for delivery . If necessary, you can often arrange an evening delivery.
- Please bear in mind that it is your responsibility to check that the furniture you have ordered fits through your home or work entrance and any stairways. Unfortunately our carriers may not be able to assist you should the initial access point be above ground level. Please note that many models include bolted-on arms for easier access. A charge of £50.00 per item is payable should it be necessary to disassemble/ reassemble these to gain access. If you are uncertain whether access will be a problem, please let us know details of access points etc. For local deliveries we can also visit to ascertain what is possible.
- We would appreciate any assistance in terms of local information which may affect ease of delivery. Such information might include awkward access, low bridges etc. We also recommend preparing the access point by removing any potential obstructions and small items such as ornaments, mirrors and pictures.
- The carrier will remove all packaging to allow you to inspect the furniture for any damage or deficiencies and you will be required to sign a receipt as proof of delivery and acceptance of goods received. Although improbable, should there be any damage to the furniture, we will take back the goods immediately and replace them absolutely free of charge.
- Please note that SofaClassics cannot accept any responsibility for lost working time in the unlikely event of a delivery being incorrect, delayed or postponed.

*c.3 week delivery from clearance of deposit or receipt of fabric, whichever is the latter.

showroom opening hours

If you would like to visit our London showroom, please call us for an appointment and directions if you need them. Please note that our showroom opening times are as follows:

Weekdays: 10am-6pm
Evenings: By appointment
Weekends: By appointment

workmanship

- All of our furniture is handcrafted in the UK using the most robust and modern components.
- All furniture is constructed using solid beech hardwood frames. All joints are heavily reinforced by screwing, glueing and dowelling together all stress points ensuring lifetime durability, whilst seat platforms are steel sprung or webbed with high tension webbing. High quality foam fillings and composites are all compliant with Furniture & Furnishings (Fire Safety) Regulations 1988.
- Cushions are filled using natural carded fibre or foam which conform to the most stringent British Safety Standards. Fibre/foam wrap, feather and reflex foam fillings are also available on request.
- Whilst we will always endeavour to make your furniture to exact specified dimensions, a small tolerance must be allowed to compensate for variation in materials and fillings. This should mean a 1-2 inch margin of error at most.

fabric options

Choosing the right fabric is often harder than choosing the furniture you want it to cover! Whether you know exactly what you want, have a definite budget or are open to suggestion, we have an option to suit you.

- Our furniture can be covered from a wide range of selected in-house fabrics from most of the UK's leading suppliers and designers. These include both contemporary and more traditional materials and designs. Please note, that prices quoted for fabric sofas are exclusive of fabric cost. Visit our showroom in London E1 or use our fabric sample request form at www.sofaclassics.co.uk to request samples. You can also supply your own but please call us before sending anything.
- If you already know the fabric you intend to use, please call us to confirm the amount required bearing in mind any pattern repeat and fabric care requirements. SofaClassics cannot be held responsible for the late or non-delivery of items sent by third party.

leather furniture

- Every single hide we use has its own distinctive character giving you a unique and personal product every time. Any imperfections due to scars, barbed wire scratches etc should not be regarded as defects as they are all hallmarks of genuine leather.
- We can supply leather furniture in almost any colour and finish. Prices as shown are all based on using plain corrected or antique rub-off leather. These are both pigmented and corrected for a uniform grain and are ideal for those with pets and young children who require hardwearing leather. They can be supplied in different colours. Call us on **020 7790 9001** for samples.

leather furniture *-contd*

Alternatively, we also supply semi-corrected leather (from +20%) as well as a massive range of full grain leathers (from +25%) including aniline. Should you require any samples, please let us know your preferred colour and shade as well as finish (smooth, shiny, distressed etc.) by calling **020 7790 9001** or visiting **www.sofaclassics.co.uk**.

- Traditional sofas and chairs are available with cushion seats as standard or deep buttoned seats at an extra 10%. Cushions are filled with soft natural fibre-fill (or foam) as standard but can be supplied in down, reflex foam or various combination fillings on request.
- If you require modifications to be made to any of our sofa range we can usually oblige. This can include changes to width, seat height or depth, wider or slimmer arms, higher or lower cushion heights etc. Please call us to discuss on **020 7790 9001**.
- All of our leather sofas can be also be supplied with fitted fabric covers or a combination of leather and fabric, PVC or faux-suede. Loose covers can also be supplied on a bespoke basis. Please call **020 7790 9001** for more information.
- Furniture images used are meant to illustrate the style of the furniture and may not, in a small number of cases, be available as seen for the published price. This is due to the type of leather used in the photograph being other than our standard range or discontinued.
- 5 year leather warranties are available on request.

payment

We require a 50% non-refundable deposit at the time you place an order. We will notify you when your order is ready to be shipped at which time any outstanding balance is then due. Once full payment is received, we will release your furniture for delivery.

We accept the following methods of payment:

- VISA, Mastercard, Switch, VISA, Delta, JCB and Solo cards.
- We also accept pound sterling cheques made payable to SofaClassics. Please allow 4 working days for clearance.

quality guarantee

We manufacture to the highest standards and we carefully inspect every item before delivery. Complaints are therefore extremely rare, but if you're not entirely happy, we're sure that you'll find our concern matches yours. Should there be a fault in one of our furniture, we will gladly replace the item free of charge or refund your money in full. Please remember that you have 14 days after delivery to change your mind giving you complete peace of mind! This guarantee is in addition to your statutory rights, which remain unaffected.

returns policy

- If you wish to refuse the goods at the door then please call our customer service department on **020 7790 9001** so that we can process your refund quickly. You will only be charged the cost of delivery and you will be entitled to a refund once collection is complete. Please remember that when you accept the item(s) you will still have 14 days to decide whether or not the item(s) are suitable. If not, and as long as you inform us within 14 days, we will arrange collection of the item(s) and refund your money less the original delivery charge. However, we cannot take back goods which in our opinion show signs of damage or discolouration not evident on delivery or have been custom made to a customers own specification. In such instances we retain the right to seek reimbursement for the cost of the fabric or leather used.
- Assuming you are happy with your choice, and assuming fair wear and tear, every item is then guaranteed (no extra charge) against any defect of manufacture or materials excluding fabric. Please refer to the appropriate sections for length of warranties. If a problem does arise you must inform us straight away. Within this guarantee period, we are able to treat your furniture as if you had purchased it locally. We usually require two repair estimates from your local repair centres and, once submitted, we are then able to assess the quotation and notify you accordingly.

customer service

Customer service issues and complaints are taken extremely seriously and dealt with promptly as we appreciate that the best recommendations are by satisfied customers. Please ask for, or address correspondence to, Natalie Lewis or Patrice Clough who handle all such matters personally.

Please note that some areas of complaint are in areas outside our direct control, such as delivery, but we will endeavour to keep customers informed of progress. Our customer services department is open 10am until 6pm Monday to Friday on:
